### **DETAILED ACTION**

1. This office action is in response to the Amendment filed 20 December 2004, in which claims 45-67 were presented for examination.

#### ***Allowable Subject Matter***

2. Claims 45-67 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The applicant has overcome the nonstatutory double patenting rejection by the terminal disclaimer filed 20 December 2004.

Independent claim 45 is allowable because the prior art of record does not disclose, teach or suggest a vehicle off-board device to communicate with a diagnostic system of said vehicle that selects a communication protocol for communicating between the off-board device and the diagnostic system by receiving data from one module using a first communication protocol and receiving data from the same module using a second communication protocol.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
